

ARTIST IN RESIDENCY AIR KREMS

AIR KREMS invitation was a very good sign. AIR Krems Residency was freedom, peace, dreams and inspirational to ART.

I am JONAS OLSAUSKAS Graphic Artist from Baltic States LITHUANIA VILNIUS city. Visual & Fine arts Graduate of Vilnius Art Academy, Lithuania. Postgraduate student in Munchen ADBK.

"Jonas Olsauskas Drawings and "intaglio" Graphic art prints are quite minimal but deep wich is talking about everything in one drawing. Such art is dangerous because you have to feel it to see deeper. You should to wait because its simple but inside love is light and answer." <...>

My Graphic art works creations are from flow of open heart are more like a pray or meditation. I analyze surround not a matter. I use powerful concentration to express transition period of time good example could be a moon or sun inspiration to expression of Art. I look nature and go deep into the detail, sensitively and precisely, to discover the another meaning. My Art Life has mystical melody what is a Life ritm. Art filtrating positive energy of nature, mountains, river, moon or snow because Artist likes a nature and secretly feels "electromagnetic" forces waves.

„Different Feelings, radio waves, connecting in to me to retranslait and telegraph it in to lines. In Jonas graphics "Lines" are very important in a Line are feelings not in space more as silence and that are conceptual contemplation graphic art elements wich makes Jonas map of sound and feeling in express of time to stop meaning in art." <...>

Paintings I express a flow of inspiration and feelings in a concentration. My two colors pictures are different one cold and warm another like duality of thinking wich is so often in Life.

Culture are only antiwirus againt wars and is a way to relightening because art is love. Art is lifes totality. Peace and not aggression but a belief.

In a difficult life and short times for me and all World future it was a honour to represent Baltic culture in Austria country in town of Krems am Donau.

Sir
JONAS OLSAUSKAS
