

Bojana Dončevski

bojana_doncevski@hotmail.com

Born in 1983. in Belgrade, Serbia. Graduated at Faculty of Architecture, University of Belgrade. Master Studies at Faculty of Architecture, University of Belgrade.

With her main focus on architecture, she dedicated a lot of attention on improving and rebuilding the leftovers of Belgrades 90s architecture. She is very interested in psychological effects of spaces over people and is constantly exploring the options.

Due to this particular interest, she developed an affinity towards installations based on human interaction.
